## **Customer Reviews**

If you are following this series, Lap of Honour: (Loxwood#5) by Grace Wilkinson opens with a heart pounding event that you never would have expected. If this is your first book of the series, you will immediately feel the rush of emotion as riders scramble to find out the result of a horrific accident that happened on the riding course. Lives are changed for humans as well as horses. I felt Georgia's life became more independent towards her main goal, even though it didn't mean it came without hard work. Georgia's devotion and affection is still torn between two beloved horses and not to give away any spoilers, the reader understands why she reveals her true love for one particular horse. The last chapter wraps up Georgia's evolution of her horse career as of date, but yet describes in a tender flashback the moments how life has come full circle.

Wonderful conclusion to the LOXWOOD series. Grace Wilkinson tells an interesting, believable story with well developed characters and genuine scenarios. Georgia is a feisty protagonist with solid values and deep-seated courage. I look forward to more of Ms. Wilkinson's books.

Will Grace allow us to follow Georgia as she continues to mature and grow her business? I surely hope so.

Good series for young readers. Descriptions of the relationship between a horse and a human are well written. The protagonist matures from an overly dramatic teen to a level headed young woman.

This is wonderfully unfolding story of a girl and the horses she loves. It's for dreamers and hard workers whether they have horses or not.

I am a horse lover over 50 and I enjoyed this series very much hope there will be more in the future
