Act Like Men: 40 Days To Biblical Manhood

Synopsis

Man up; it's the best thing you can do for others and yourself. Men are so busy doing so many different things; when not working, their free time is often full of the trivial or sinful. But what society and church so desperately need are men who embrace all that God created them to be, who long to follow God without limits and meet the needs of those around them without hesitation. To get there, we need what Pastor James MacDonald calls "radical surgery" a deep, probing exploration and reparation of all that it means to be a man. In his definitive, bold voice, MacDonald calls men to be watchful, firm in their faith, strong, and loving. This isn't a call for bravado and bluster. It's a call for men to mix tender and tough, to be humble, to follow Jesus. It is a call to be leaders, men of God, husbands who are present and caring and strong. It is straight talk no posturing or posing or beating around the bush inviting men to redemption and restoration in their manhood. Read *Act Like Men* and take bold steps toward being all that God designed you to be.

As goes the man, so goes the family the church the nation and sadly, it's not going well. Every statistic, from porn to paternity, from divorce to detention rates, shouts with astounding clarity: "Men are in trouble!" Men are struggling not to slip into superficial, self-indulgent secularism when so many on every side are running in that direction. The need is urgent and the time is now for real revival in the hearts of men. If you are seeking a path forward an action to get some traction in a better direction *Act Like Men* is that path. I believe men want to be challenged and stretched, tested to the limits of who we are.

That's how God designed us. If you know you're not the man God created you to be . . . If your relationship with God is far from transforming your life . . . If you don't even have a clue what the next steps should look like . . . It's time for you to take a step toward living out God's calling. My prayer is that you will dig in and begin to pray, asking God to engrave on your heart what it truly means to act like a man, and experience the fulfillment He created you, as a man, to enjoy. •James MacDonald

I bought this book for my husband. He loves it, when he reads it he laughs, cries and tells me what a awesome book!! I would recommend it for all the men out there.

We are going through this as a small men's group study and love it. Non-condescending and deep enough to bring new revelation. I know there is a shortage of NON-DVD material out there so if you want a book only study, I suggest Act Like Men.

This really is a great book for men. I read this on my own and was very impressed with the authors transparency. Great biblical based men's book. Easy to read as it is broken down into small daily reads. Author has a gift for understanding the Bible and the prayers at the end of each study were very powerful. I am going through this book a second time as part of a men's study at my church. The book has great questions in it to promote spiritual growth and conversation. Highly recommended.

One of the best books I've ever read. Men are falling down and losing their manhood! This is why Paul said stand up and act like men!

Great book ! As member of Law Enforcement this book really helped me to dig deep into some the things that have been challenging me in life..not just as a peace officer but a husband ,father, son and friend.I've already bought 7 copies. These make a GREAT gift for any males in your life you love :)PS. Had a great study group going with some of the other officers ! WHAT A BLESSING :)

I really like how James MacDonald writes the book like he is writing only to men. I know that sounds obvious, but what I mean is he writes in such a way men will enjoy it and can relate to it. I read some portions to my wife who was then dumbfounded by what he wrote. And MacDonald really understands good theology, so overall, very happy so far (I'm only a 1/3 way done).

I have been doing this as a study with a friend of mine and we both can't put it down. This book is perfect for guys. It has shorter chapters that you do each day. The author is great at being able to relate stories of his past and then putting verses to it. If you are looking to be a better man or husband..I think this book would be a great start.

I spent a little more than 40 days to read this. Yet, it seems like every time I picked it back up, the message seemed to be just what I needed to learn that day. Even when I disagreed at first, I was won over by the end of the chapter.
