Clinical Gynecologic Oncology: Expert Consult - Online And Print, 8e

Synopsis

Clinical Gynecologic Oncology, by Drs. Di Saia and Creasman, is the leading medical reference book geared toward helping you improve gynecologic cancer outcomes. You'll see how to take advantage of the latest advances in early detection and improved treatment options for gynecologic cancers, especially uterine and cervical cancers, equipping you with the skills you need to provide effective and compassionate care for your patients. Easily identify and absorb key information with outlines beginning each chapter. Choose the best management plan for each patient using algorithms throughout the book. Stay at the forefront of your field thanks to new chapters on Genetic Counseling and Clinical Management of Inherited Disease; Molecular Genetics; and Minimally Invasive Surgery, plus sweeping updates covering all the latest advances. Find everything you need to face your daily challenges with appendices covering staging, screening, nutritional therapy, toxicity criteria, blood component therapy, and radiation therapy. Locate answers fast with a chapter organization based on cancer type and size. Access the complete contents anytime, anywhere, at www.expertconsult.com. Stay current on gynecologic cancer treatment options and protocols with the leading reference for diagnosis and treatment - still the most readable, most comprehensive book in the field.

Customer Reviews

"For those who do not have an old edition and are interested gynecological oncology, this is an excellent book.Ã Â For those training in the subspeciality, the authors of the variousÃ Â chapters have updated the basic and necessary knowledge, and for senior consultants in the field of gynecological oncology it is certainly worth taking a look at the new edition." Acta Obstetricia et Gynecologica Scandinavica, March 2014

It's really handy in my mini iPad, it's in my pocket every time I need some help. This kindle textbook is really useful.

Quite complete book. Excellent to medical students, general gynecologists and oncological gynecologists. It's one of the best edition Di Saia ever did.

Great

I live this book.
