Customer Reviews

Truly enjoyed this series and it pick up where the last installment left off and was a great read until the end. Still full of drama, action lies, jealousy and hatred that made this a awesome way to end a series and put all issues to rest. Well written and it flowed at a steady pace. Loved Future and Fawn's relationship throughout the series and they never stopped loving each other. Highly recommend this series. Awesome job Kee Nicole.

There were several times the character's names were mixed up and had the story confused. Sad that Fawn went through so much all over a bitter baby momma. It was nice of Derrek and Shamika got their marriage back on track, especially after they had been through so much. Shaska should have run when she heard Dontae killed his own father. This was a cute story and I recommend this read!!!!

I love this series Future and Fawn finally got a happy ever after Derrek and Shameka finally got it together and overall it was a great series anyone looking for a great series about love this is the series it speaks on the up and down and betrayal but in the end love will keep up the great work waiting on the next series.

I can't believe you done it to me again this is the way to end a book I love how it all play out I didn't like the fact that fawn lost one of her babies but I see how put the story together I was happy to see that derrick n mike work out the problems and became a family rink was wrong dead wrong for coming after fawn. Shaka and dontae story was crazy but like I said I really enjoy reading your work

Yesssss this was such a good book. I loved the characters and their story line. The book was good from start to finish definitely a page turner. I definitely recommend this series!
