Customer Reviews

My doctor (cardiologist) wants me on a vegetarian, vegan or Mediterranean diet . . . so finding a book with snacky type receipes that fit into the Mediterranean plan caught my eye. I'm not one who likes to cook, so really liked the fact that the recipes here are really easy to fix and only have a few ingredients. (My kind of cooking).Although the wraps look really good, my first attempt was the recipe for Chocolate Oatmeal Cookies (no bake). I've tried no bake recipes before and they were pretty bad. I'm happy to report this one is really good - definitely a keeper.This is one of those recipe books that will have a lasting place on my digital cookbook shelf!

Bring on the recipes! I love the Mediterranean diet: it is one of the best and healthiest around. Now I have snacks and desserts to add to my bevy of choices. This is my fourth book on the subject and it is most welcome. Everything is clearly explained so there is no guesswork if you are a novice at cooking and baking. I recommend the tasty treats to those on board with this concept.

Yum! These recipes look absolutely delicious! I like how it states the nutritional facts after each recipe which helps me keep track of my carb/protein and calorie intake. I especially want to try the avocado soup with fresh cucumber, detox salad and the pine nuts with feta and watermelon salad!

This book has a wealth of information to get going on a new healthy way of eating.I was really impressed after reading this book and now feel like I know more about the Mediterranean diet. It was simple to read, motivating and has great recipe ideas!

Good book, highly recommended.

I am always geared to diets that allowed me to be moderate in the foods that I eat as opposed to limiting me to my favorite foods. Mediterranean Diet or should I say, lifestyle is great because it allows me to eat your favorite in moderation. Awesome recipes in this book.

Definitely a book I'm using this Christmas for when the fail comes over - Mediterranean Christmas! I've thumbed through recipes a few times already and there's quite a few I'm really excited to try making. This book will probably be in heavy use and rotation for a few months! Great!

Great recipes. I have a hard time thinking up Mediterranean style desserts, but you can't go wrong with recipes like almond, cherries and ricotta or the Classic Italian panna cotta. Good variation and quite a few gluten / dairy free recipes too which is great to see.

Great recipes , for snacks and dessert. There is something for everyone in this book.
