Dozier's Waterway Guide Bahamas 2013

Synopsis

Updated annually, Waterway Guide Bahamas 2013 edition is the indispensable cruising companion for boaters exploring the Bahamas and the Turks and Caicos. The guide features mile-by-mile navigation information, aerial photography with marked routes, marina listings and locator charts, anchorage information and expanded Goin' Ashore articles on ports along the way. Helpful cruising data like GPS waypoints, detailed planning maps, distance charts and bridge tables help get cruisers there safely. Flexible spiral binding and heavy laminated covers with bookmarker flaps ensure durability and easy use in the cockpit and at the helm.

Product Dimensions: 1 x 8.8 x 10.8 inches

Shipping Weight: 2.6 pounds

Average Customer Review: 4.1 out of 5 stars 5 customer reviews

Best Sellers Rank: #2,060,498 in Books (See Top 100 in Books) #89 in [Books > Travel > Caribbean > Bahamas](#) #5453 in [Books > Travel > Reference > General](#)

Customer Reviews

A recent purchase and used for 10 days around Exumas , Cat and Conception islands...will be a good reference for our next month . The info is sound and lucid , am very happy to have this as essential adjunct to Explorer and Cmap.

I update my cruising books every now and then even though we all have GPS maps and internet now. You always can find something of benefit and you may not always have internet in the Bahamas.

This guide is everything and more than what I expected. A definite must have if you are going to cruise the islands.

excellent

While there is a lot of useful data in this book, it is the most disjointed cruising guide I have ever bought. Since it was also one of the most expensive I am not very happy with it. This book does not follow the logical sequences you find in Chris Doyle's and other authors' guides but jumps back and forth making you hunt for the data you are seeking. You cannot open it to one page and get all of the info on a particular bay or cay. I like to keep my cruising guides in the cockpit when cruising and have them open to the page for the next landfall. That does not really work with this guide. If I decide to go back to the Bahamas in the future, I will be looking for a different guide book.
