# Taylor Swift: The Whole Story

## Synopsis

The full story of Taylor Swift's stratospheric rise to fame; all any dedicated Swiftie needs to know about the pop superstar who's taking over the world. A small-town girl with an incredible talent, and the strength to realise her dream, Taylor has grown into an award-winning, chart-topping artist and worldwide star, as well as a strong and stylish woman. But how did she get there? And what lies in store for her in the future? From childhood dreams of a musical future in Pennsylvania, to determined and budding teen musician with a trademark she's stayed faithful to ever since: honest lyrics about real-life events; her fight to be taken seriously in the music industry, through to the rewards of success and the intense pressure of expectation, Taylor Swift: The Whole Story is a full account of Taylor's incredible journey, with everything you need to know about America's Sweetheart. This compelling book is packed full of fascinating details revealing the true Taylor – what drives, motivates and moves her, how she overcame the challenges that loomed on the road to fame and looks at how authentic her wholesome image is, plus the truth about her relationships with Harry Styles, Jake Gyllenhaal and Conor Kennedy and who she's really talking about on her tracks. The full portrait of a girl who could so easily have faded into the background – but who blossomed in the spotlight into a grounded, graceful and inspiring young woman.

Taylor has such a huge impact on her fans and I wanted to understand her better. She seems to make good decisions so often and I can see now how she does this. She is true to herself and her fans. I hope she continues for as long as she wants to. She is one of the few that understand you shouldn't want to become famous and then whine about it once you do. I'm sure there's times when she would like to be alone but she always stays in touch with her fans and tries to share what she's thinking with them. I'm 81 years old and not her biggest fan but I like her as a person.

I thought this was a great book. Taylor is an amazing young woman. It was interesting to learn how she was bullied & how she got her parents to move to Nashville, how everything just fell into place for her. She writes some fantastic songs for young people & lives a good clean life for children to look up to. She makes a wonderful role model! Good book!

This provides a glimpse of Taylor, her ambitions, rise and beliefs of this super star! As with all stars, there is a lot of groundwork that needs to be set in place, long before the star rises, even though to many to most observers the star was an overnight success. This is never the case. If you want to understand Taylor at a more intimate level, this book is a great start, I think the only better resource would have been you knowing Taylor personally, and experiencing the trials and triumphs with Taylor... But many of us are not as fortunate. A must have guide if you want to understand Taylor and get a better understanding of where she came from and where you should expect her to go.

Surprised I liked this book. Really surprised I even read it. Beforehand, I didn't even like Taylor Swift - no real reason other than she comes off as obnoxious. However, after reading about her, I give her full credit for being a very gifted, natural talent so she can show off a bit - she's earned it! Kudos to her parents as well for believing in her and going full throttle to support her dreams. She has much to be grateful for.

My girls, and myself, are huge Taylor Swift fans so I had to read this book to find out more about

how she came to be so successful and down to earth. I love all the good Taylor does for others and she's one of only a handful of celebrities who hasn't let the fame destroy who they are. Taylor uses her fame to an advantage to help others and she inspires young girls all around the world to reach for the stars and strive to make their dreams come true. This was a wonderful look into her life and it simply amazes me how far she's come. A recommended read to all Taylor Swift fans.

Gift for my daughter and she loved it.

This a very well done unauthorized biography. I think it may be the best I've read about her. The author basically used direct quotes from her about everything the entire book so it feels much more truth then just speculation and she's been very open about herself to begin with. I really liked the break down of all her songs. I enjoyed reading this!

Interesting book
