## Customer Reviews

This was a brilliant book and I really did enjoy it, I totally agree with the author's point of view and idea. The book drives you through minimal lifestyle for every aspect of our lives and makes you start a beautiful journey through minimalism. Highly Recommended book.

While probably not presenting anything new, the book has some good ideas for people looking to start living a more minimalistic lifestyle

I just wish he explained in detail of his personal experience a lot more and really show specifically what his family gained by becoming minimalists.

This is well worth your time! Actually written with no fluff-no nonsense. Thanks for the great ideas. I STARTED ALREADY which means you can too!
