Customer Reviews

Nice collection of all things fashion, from prints and bow on top of head to socks on feet. I like that some pages are multiple images of same model in similar outfit. Gives an opportunity to try different colors or maybe even an opportunity to add your own print. Drawback is that, once again, images are on both sides of paper limiting the type of media you can use for fear of leak thru.

A good coloring book overall.

Was a gift for my niece, she seemed pleased with it.

Love the book.

Great colouring book for all ages.

This book is nothing like I expected. There wasn't what I call fashion on the pages. Some pages were the same figure about 20 times. I would not recommend this book. I sent it back at this price I couldn't keep it.

This is a nice fun book to color

Nice
