Library Mouse

Synopsis

Every child can be a writer--and Library Mouse shows them how! Beloved children's books author and illustrator Daniel Kirk wonderfully brings to life the story of Sam, a library mouse. Sam's home was in a little hole in the wall in the children's reference books section, and he thought that life was very good indeed. For Sam loved to read. He read picture books and chapter books, biographies and poetry, and ghost stories and mysteries. Sam read so much that finally one day he decided to write books himself! Sam shared his books with other library visitors by placing them on a bookshelf at night. Until there came the time that people wanted to meet this talented author. Whatever was Sam to do? The joy of reading, writing, and sharing is brought to life in this warmhearted tale.

Customer Reviews

Library Mouse is a great picture book. About Sam, a mouse that lives in a hole in the wall of the childrens refrence section in the library who decides to become an author. My 3 and 6 year olds love this book, and it is well written enough that I don't mind reading it over and over again. Library Mouse is continually the book my children want read to them first every night and it has them playing library and pretending to be authors. I would definitely recommend this book for parents or

folks reading to young kids.

Great book, the pictures are beautiful and my son and I both love the book

This book is an awesome support with young readers about loving books, libraries, and even writing stories. I found this at a second hand store and was not sure about it but it's fantastic. Have bought for nieces and nephews - they all like this book.

loved it!

My daughter just turned nine. One night, she was having a hard time sleeping. School was starting the next day. We read Library Mouse. She was still awake. Library Mouse is not the type of book to make you sleepy.

Love love love this book!

My students really were inspired by the book. My first graders are all writing small books and sharing on my author's chair. What an awesome way to get them accustomed to giving a presentation.

My son absolutely loved it. It's a fun book that encourages kids to write through this title mouse's experience.
