Synopsis

This Swear Word Coloring Book with Retro & Pop Art Sweary Words is all you need to stay calm. Why color flowers and butterflies when you can take your stress out with real F-bombs and curse words that mean something! With 44 pages to color, you will relieve your stress, meditate and relax as you color these cool designs. Printed on one side only, there are 22 unique designs repeated twice, the first half of the book has swear word captions and the second part of the book has the same pictures with blank spaces so that you can write what you want in the caption. See if you can come up with your own curse words. This is a larger coloring book for adults that measures 8.5" wide x 11" in height, it's a good size for you to work so take out your pencils, pens, crayons or any other art medium you want to use and get busy. Only printed on one side to avoid bleed through. Take a look inside to preview the wonderful style of the pop art designs. After you have finished your masterpieces, remove them, frame them and give them to someone that the words resonate with. It will provide hours of fun and stress relief coloring for grownups and big kids (who are over a certain age). Customer Reviews

There is not a lot of variety in this coloring book. The pictures are boring, but at least the sayings are funny.

Its funny; tuck it away when the little ones visit!

Bought this for my sister for her 50th birthday. She got a good laugh out of it. Tone is sarcastic not lewd.

Fun! I enjoy the "DIY" word bubble pages; I've colored those and given to friends with inside jokes. If using markers, they will bleed through to the page underneath.

Bought this for a friend who was stuck in bed for a long time. She thought it was funny. I should've had more damn swear words though!

Terrible printing job! It is all crooked on each page.

Bought this as a gift for a pop art enthusiast. She loved it

Was expecting better. Since there were no pics of the inside I took a chance. There are better books out there.
