Customer Reviews

This guide is great! We had a few books with us on our trip but came to this one again and again. I loved the photos and detail as it helped us decide where to focus our efforts.

My son loves it! He plans to go to Ireland and this gives a lot of info he said.

Beautiful and informative. I just used on my trip to Ireland and was directed to some places (that made the trip) I would have missed otherwise. A++++

A must for anyone planning a trip to Ireland. Everything laid out so well with maps and interesting details.

This book and the corresponding Portrait of Britain are an enlarged and enhanced version of DK's traveller's guides. Wonderfully illustrated and photographed, I thoroughly enjoyed the read. This book would, however, probably be a little bigger than most would want to travel with.

We purchased this book used, it came quickly and was in the condition advertised. On reviewing the book, I am convinced that it will help us in planning our trip to Ireland as well as being a very interesting read in it's self.

This book helped me decided where to go and what to see. It was very helpful. The pictures in the book were quite accurate.

this is w/o a doubt the best of its kind,big and beautiful,it is really a "find" thank you so much for this terrific deal
