Customer Reviews

I believe that one of the greatest strengths of this textbook is the reflection of wellness and caring (displayed by personal case studies). Throughout the text, reinforcement of the students' responsibility level is very dominant (as it should be), Skills are a major component with each body system and caring can be seen with positive behaviors.

Barbara Hegner, MS, RN Former Professor Emeritus Nursing and Life Science Long Beach City College, CA. Barbara Acello has worked in long-term care for more than four decades. Currently a nurse consultant and educator, she owns a school for nursing assistants, where she helped to write and develop mandatory state curricula for nurse aides and EMTs. She has also written and contributed to dozens of textbooks, instructor guides, quick reference guides, and supplemental instructional materials for health care personnel. Formerly a practicing nurse, Ms. Acello was also a director of nursing and a long-term care facility consultant. Her interests and expertise include

clinical geriatrics, resident safety, pain assessment and management, restraints, pressure ulcers, and infection control. She is particularly committed to improving working conditions, education, and professionalism for personnel in the long-term care industry. Esther Caldwell, MA, PhD, is a Consultant in Vocational Education.

It was great it had everything I needed

Great book for the price. Needed it for school. Saved \$60.

This book is very informative and the questions at the end of every chapter were a great study tool for quizzes and exams.

Yes

The two books are a great deal for the price I saved a significant amount by purchasing them on line and they are the same volume. All good.

I recommend this seller. The book arrived fast. It was in beautiful condition, and the price was a great bargain.

it is perfect, this book gives a great deal on information, it is helping my sister with her preparation for her nursing assistant certification. highly recommended

best nursing assistant book. I used it in my nursing classes and I decided to buy it to keep as reference, it is complete , about anything you want to know .
