Cool Crosswords For Kids: 74 Super Puzzles To Solve

Synopsis

What's lots of fun and brain-building too? Crosswords! Kids love to solve puzzles, and while they're enjoying themselves, they're also improving language skills, logical reasoning, and even their knowledge of the world. This cool collection has real child-appeal with irresistible themes that range from "Back to School" to "Dino Delight" to "Sports Fans." The clues are just hard enough to give young solvers a good challenge without leaving them frustrated. For example, "Scaly Tales" has questions about lizards, dragons, and swamp-dwelling reptiles, while "Wiz Kids" is perfect for Harry Potter fans, and "Hit Toons" asks about animated favorites. Of course, the solution to every crossword is included, just in case they get stumped.

Sam Bellotto Jr. has been making puzzles professionally since 1979 in the Sunday New York Times Magazine. Today he contributes regularly to all the major crossword puzzle markets, including The New York Times, and also does a weekly crossword feature for high-profile newspapers and magazines. Bellotto's company, Crossdown, develops word puzzle computer games and software as well as the puzzles themselves. Crossdown has garnered the top People's Choice Award from the Educational Software Cooperative (ESC) four times between 1998 and 2004.

Maybe I missed it but they should have specified what age this was good for. I bought it for my 7 year old. When I opened it and looked at some of the clues, they were way too hard for her (and she's relatively bright). There were some that I didn't even know. Since it said it was for kids, I expected the clues to be simple and basic but they weren't. I think it's definitely geared towards older "kids". Not a total loss though. My husband will probably enjoy it!

grand kids loved it.....

My 12 year old thinks this book is great!!

The crosswords are not laid out like your typical crossword puzzles. Very few answers per puzzle.

Grandson tried to work my crossword puzzle but found it too hard. He doesn't have the age to have the knowledge. Got him this for Christmas and he loves working them.

Great for kids, 8 year old likes it

great

Useful for the kids who finish quickly and need something else to do in the classroom, while also exercising their brain.
