Customer Reviews

I wasn't expecting it to be paperback, but I realized I didn't read closely enough. Regardless of that, the reason it's only "okay" (and I would've rated the same if it was hardcover as well) is because the work "sketchbook" is printed on the back of every single page. Seriously? And sure it's on the back, but you can see through the paper so it doesn't matter that it's printed there. The leaf design is cool though, and it'll still work for what I wanted it for, perfect size to fit in my purse.

I expected the cover not to be as flimsy as it was due to the fact it is a sketchbook. It was not as stiff as cardboard. More like magazine weight for the cover. Other than that it was great.
