A Beginner's Guide To Airbrushing

Synopsis

A thorough manual on airbrushing techniques for beginners. Learn all the techniques you will need to achieve sensational, photographic-style artwork. Detailed step-by-step guides and accompanying photography make this technical art form accessible even for the absolute beginner! Use erasers, scalpels, crayons amongst other devices to adapt and transfer photographs to your own illustrated designs. Expert airbrusher and photorealism artist, Meinrad Froschin, lends his expertise, providing insider tips and advice on materials and equipment while simultaneously giving an insight into his artistic work, particularly his use of transparent colours.

Customer Reviews

Meinrad Martin Froschin lives and works as a freelance artist in Augsburg, Germany. In 1993, after working as a textile designer for seventeen years, Meinrad became a full-time freelance illustrator specialising in airbrushing, custom painting, body painting, and wall and textile design. He is a widely respected artist in the genre of photorealism and runs several workshops throughout Germany. He has contributed to numerous, books, DVDs and magazine articles on the subject of airbrushing and photorealism.

I bought this for my son to go with his first airbrush. After scanning through it I found it to have good info. A nice base for the beginner. He read it and said he learned a lot. It gave him the confidence to

pick up the gun and start airbrushing.

Great information for the beginner just getting started. The airbrush sets that you can buy generally have very brief and very poor instructions. It's like they expect that you already know how to use one and don't need any instruction.

not quite instructional as I was hoping

Very in depth, covers a lot of different styles of airbrushing, should be something for almost any airbrush artist in here. Wish this edition was bigger tho, small pages make analysis of images hard.

I thought it was great, it showed me a lot of things that I didn't know, a lot of short cuts

complete for beginners.

Good reading for a newcomer

Good
