About The Bible: Short Answers To Big Questions (Exploring Christian Faith)

Synopsis

In this newly revised and expanded edition *About the Bible: Short Answers to Big Questions*, Terence E. Fretheim offers straightforward answers to reoccurring questions about how the Bible was written, organized, and interpreted—and why people have such different opinions about what the Bible has to say. Built on a bestselling volume first introduced to readers in 1999, this edition welcomes added questions to a unique question-and-answer format. Among the questions are: Who wrote the Bible? How did it come to be? Do Lutherans believe in a literal interpretation of the Bible, for instance the Creation Story? Can we draw responsible ethical discernment from the Bible? How do we read the Bible for spiritual growth? Arranged according to topic, the book is ideal for individual and group use. Both devoted Bible readers and Bible novices are sure to find answers to many of their biggest questions here.

Customer Reviews

Terence E. Fretheim is Professor of Old Testament at Luther Seminary, St. Paul, Minnesota. Fretheim is the author of *The Suffering God* (Fortress Press) and coauthor of *The Bible as Word of God* (Fortress Press).

Did a Group Book Study on this and it was wonderful. The questions he asks are the questions many of us ask, especially in from the pews. It is, however, not as easy of a read as it claims to be. It

can be done. There is no doubt about that, but this is a thinking book and a challenging book. Fretheim is a scholar's scholar and for that type of person he is still as accessible as they get. Yet the reading is academic and challenging. But people in the group study were from all over the spectrum from high school educated to MBA's and they did find it rich and worth it. This is an ambitious endeavor. He takes on dozens of questions and each of which have been the subjects of hundreds of dissertations and series of books...Fretheim responds to such difficult questions in 3 to 5 pages a piece.

Great for learning the basics and then going a little deeper. Our class loved it. Very readable, but not dumbed down.

Gives multiple perspectives to theological issues and is very easy to read

Very simple answers to your questions about the Christian faith and why we believe what we do. Great to share with your kids.

I think that ANY person should get a copy of this book before they try to read the Bible. You need to understand some very important things about what the Bible IS and ISN'T. "About the Bible" is meant to be a very short read explaining some of the most basic and important questions that any reader has or should ask before they venture into the Bible of their choice.
