Produced in association with the Smithsonian Institution, DK's Children's Encyclopedia of American

History by David King is a comprehensive overview lavishly illustrated with period photographs, paintings and drawings of people, objects and events, as well as maps and charts. Separate topics-from "The Constitution" to "Terrorism Strikes Home"-unfold in double-page spreads throughout 18 chronologically organized chapters. An appendix includes a list of the U.S. presidents, a chart of key facts about the 50 states, and the texts of the Declaration of Independence, the Constitution and its Amendments, plus the Gettysburg Address. Copyright 2003 Reed Business Information, Inc.

Grade 5-9-A visually enticing and textually fascinating survey. Grouped thematically and chronologically (with overlap where necessary), the 18 chapters span the centuries, starting with 1000-1607 ("Two Worlds Meet"-a look at the indigenous cultures and the impacts of European exploration) and concluding with 2000-2002 ("A New Millennium"-September 11, 2001, and beyond). Chapters consist of up to 10 two- to four-page spreads and open with an introduction that offers a few paragraphs of text, a representative graphic, a brief overview, and a time line. A typical spread contains a colored tab indicating the years addressed, maps, captioned photos, sidebars that elaborate on specific events, reproductions of paintings and drawings, definitions, and cross-references. Appendixes include a compendium of presidents; state facts; and the full text of the Declaration of Independence, the Constitution, and the Gettysburg Address. Tied more to themes and historical strands than Chronicle of America (DK, 2000), this book is also more approachable and will be especially appealing to students intimidated by text-heavy resources. My 8 years old son loved it, This is really great book if you are interested in history of the United States.

My 9y/o loves history and will spend hours poring over the pages of this book.

Excellent reference book.

Bought this for an 8 year old history buff and she loves it. Two page articles per time period or event are easy for all ages to digest.

He loved American History. Haven't heard if he has read yet. Was just the right level for 11 year old nephew. Would do business with this seller again

I bought this book for my son for Christmas. He loves history and loves this book. It arrived in great shape and very fast. Thanks!
