Customer Reviews

The Stations Of The Cross Catholic Coloring Book Devotional by Drawn To Grace is a great way to learn about the Catholic faith and color at the same time. The pages are beautifully illustrated with a less in Stations Of The Cross on one page and a stained glass illustration to accompany it on the next page. This book is printed on one side only and I recommend using a blank page between sheets to prevent the color of markers from transferring. You would not need to do this if you choose to use colored pencils! This book takes you through Station of The Cross 24. It is well planned out and could be very useful for a Bible study or someone interested in learning more about the Catholic faith. A great gift idea for a First Communion! I received this book as part of a preferred reviewer program for testing and a possible unbiased opinion

The Stations of the Cross is a beautiful catholic coloring book, I just colored one page and look forward to doing more. I love how there is space to journal after prayer with this one. The stained glass images of Jesus are just so beautiful. I'm looking forward to being able to give my friend one of my completed coloring pages. I used marker on my first page and I uploaded for you to see what you will be getting with you buy this book. Perfect book for the beginner who is just starting out to color again as an adult. May you enjoy this book like all the others who have reviewed this as well.

This is a delightful and wonderful book full of some of the best scripture you can find from the catholic bible a long side beautifully designed works of art that look like the glass windows at church just for you to color. All pages are one sided and thick enough for any mediums you like or would want to use while coloring. I've done one page so far with just sharpies and just added a page or two in the back to protect the next page. The sharpies worked very well in this book and look great! A coloring book like this would be a great addition to any collection or as a gift to someone you know who loves to color and read scripture at the same time. The cover is very eye catching and lovely as well. There is over 20 pages to color and each picture comes a long with scripture to color and read as well. Each page a long side the scripture has a section you can personally write in anything you would like.

Great to be able to pray and color

Appreciate the blend of traditional and familiar liturgical prayers with the stained glass-looking artwork - purchased these for hospitalized adults and older children who are not able to attend services due to illness, injury, or disability. This will provide an opportunity for Lenten reflection and prayer with creative expression. Looking forward to receiving the Spanish language version as well.

A high quality book to color. Beautiful reflections.

Beautiful coloring book. I thought it was a stained glass coloring book looking at the cover, but it's not. However, it's still a beautiful book with thick pages so makers don't bleed through.

awesome. great pictures
