# Sense And Nonsense About Crime, Drugs, And Communities: A Policy Guide

## **Synopsis**

Samuel Walker's SENSE AND NONSENSE ABOUT CRIME, DRUGS, AND COMMUNITIES was one of the first books to challenge common misconceptions about crime, and the new Seventh Edition remains uniquely effective at doing so. Described as a "masterful critique" of American policies on everything from crime control, to guns, to drugs, this incisive text cuts through popular myths and political rhetoric while emphasizing current research and proven practice. The result is a distinctly lucid, research-based work that clearly reveals what does not work in crime policy while identifying shared characteristics of successful approaches, including carefully defined, narrowly focused, problem-oriented programs in policing and prosecution. This engaging text captures the full complexity of the administration of justice while providing students with a clear sense of its key principles and general patterns.

## **Book Information**

Paperback: 416 pages

Publisher: Wadsworth Publishing; 7 edition (May 5, 2010)

Language: English

ISBN-10: 049580987X

ISBN-13: 978-0495809876

Product Dimensions: 9.1 x 6.3 x 0.9 inches

## **Customer Reviews**

Samuel Walker is Professor Emeritus of Criminal Justice at the University of Nebraska, Omaha, where he taught for 31 years before retiring in 2005. He is the author of 13 books on policing, criminal justice history and policy, and civil liberties. His current research involves police accountability, focusing primarily on citizen oversight of the police and police Early Intervention Systems (EIS) systems. Originally trained as a historian, he is completing a book on U.S. presidents and civil liberties. His personal web site, with information on police accountability is <http://samuelwalker.net>.

As a criminology student this is a required book, however I've been recommending it to friends and family. If you want to understand drug policy, drug incarceration and the effects and defects, this is the book for you. Also, buy this for anyone in your family who says things like "he should be locked up for life regarding drug offenses"

Depressingly true, shows how many myths there are about the cj system.

c

great book great condition

I used this book for my senior writing class in college. It was pretty interesting and read more like a novel than a standard textbook. The author looks at the topics discussed from a very particular view point therefor this book is a "little" biased. If you look at everything critically, its not hard to find flaws in anything. I just wish the author would have given a few solutions to all the problems he pointed out.

This was a really good book. Very good for criminal justice majors. Great condition too.

great product and quick delivery.

As advertised. Thank you
