## Customer Reviews

Best book and movie in along time. Easily comparable to Christopher Robin and all his animal friends as emotions brought into the future. Children to adults will laugh and be touched to the imagination of the writer and all that has been there in front of us and not noticed until now. Read the book and see the movie, it is a hoot.

My girls love it for bedtime, and we use it for reading practice. Nicely done.

My daughter HATES to read! I told her that we had to read this book before we could see the movie.

She was reluctant at first, but the pace was reader friendly and she is enjoying reading & listening.

Kids loved listening to read aloud. They were enthralled and hope to compare it to the movie. Loved it!

Love it so cool!!! And it has a little more detail too, I like

that. Joy is hitting my button right
