Ultimate Guide: Wiring, 8th Updated Edition (Ultimate Guide) (Ultimate Guides)

Synopsis

Ultimate Guide: Wiring, 8th Edition demystifies residential electrical systems with easy-to-understand language, step-by-step photography, and detailed illustrations. Homeowners will learn how their home's electrical system works and how to complete installations and repairs. This project-based book shows how to select the right cable, wires, and other equipment, and how to run wiring through walls and between floors. Projects guide the reader through installing switches, outlet receptacles, electrical appliances, and lighting systems. The book also shows how outdoor lighting, including security and low-voltage systems, can help homeowners improve and illuminate the exterior areas around their homes. The eighth edition has been updated with the latest information on everything from big screen TVs to 3-way switches required by the National Electrical Code.

Customer Reviews

Creative Homeowner is a leading and trusted source for the best information, inspiration, and instruction related to the house and home. Over the past 25 years, Creative Homeowner has grown significantly to include titles covering all aspects of decorating and design; home repair and improvement; house plans; gardening and landscaping; and grilling. Creative Homeowner's books and online information are known by consumers for their complete and easy-to-follow instructions, up-to-date information, and extensive use of color photography. Among its best-selling titles are Backyard Homesteading, Ultimate Guide: Wiring, and Ultimate Guide: Home Repair

Very informative, nice pictures and descriptions. I only wish they would have put more information about modern LED lighting not a deal breaker by any means though.

Great information!

Readable

Nice book. Illustrations are clear and concise. Great for anyone needing help understanding wiring / fixtures / outlets / switches / etc.

This book has been most useful. Clear pictures. Step-by-step instructions. A worthy investment.

Nice book, covers most figures and set ups. However you can find the same information online with little bit research. Not quite sure yet if its worth the purchase but overall its a legit book that will help you
