Sweet Farts #1 (Sweet Farts Series)

Synopsis

Someone has been farting up a storm at school and everyone thinks Keith Emerson is to blame. Unfortunately for Keith, it has earned him the nickname "S.B.D." (silent but deadly). To make matters worse, Keith's dad is a self proclaimed "Fart Machine" who really stinks it up at home. With the science fair quickly approaching, Keith decides he has had enough. He comes up with a science fair project idea to turn the foul smell of human gas into something sweet smelling. The idea lands him in the principal's office, and in big trouble with his mom. With the help of his little sister Emma, his dad, his crazy grandma, and Benjamin Franklin (great American scientist), Keith will attempt to make the greatest scientific discovery of all time, the cure for the common fart.

My 9 yr old loved this book he says 5 stars!He did not give any other specifics on the book, just loved it.

This book is hilarious!! My son is 6 and enjoyed reading it together.

I highly recommend this book to everyone that loves funny humor excellent book definitely no doubt 5 stars any day

I like this book because it is funny and sweet and awesome. I think I will be a fan of Sweet Farts series. I hope the next one is FUN!!

My son has to read so many minutes per month for his reading grade. While he reads well, he doesn't LIKE to read which are two different things. I ordered this book on my Kindle and we read a couple chapters each night. He enjoyed the plot and REALLY enjoyed it more when his dad heard us reading it and was a little put off by all the metaphors for "farting". As an adult, I couldn't imagine what plot could revolve around flatuation but this book has a simple plot with a good ending. I think some people may not want to order it because it does revolve around something we all try to ignore, but it peaked his interest enough that we've ordered the 2nd book for this month. To me, a book that can engage my son, is worth buying.

My mom got this book for me and I simply said, "Huh, I bet it's just one of those books that authors write for young kids to make it look funny." But I was badly mistaken. This book is one of the funniest books I have ever read. Best of all it has my favorite trait, addicting. I was so excited when I was reading it I was really sad when it was finished. I wanted other people to have the enjoyable laughs that I had when reading this book. So I decided to come and share with all the people deciding this book. It's a must get! In my opinion I would say for the ages 8-12 but it really just is for good laughs. Any age over 8 will understand and have a good laughing when they're reading. I read this book when I was 11 years old and I cracked up into pieces. This is the perfect book for kids trying to read a comedy. I personally do not like reading, yet, I read and was immediately captured! I was really glad to have read it. If you don't like reading or if you do like reading this is the perfect book for you. You won't even know you're reading it's like a movie or a great dream! My point is this book is so perfect and funny for reading that it's not a book! Its better like a movie! Or a fairytale! Anyway, you gotta get this book. Don't waist your time thinking, while you could be enjoying and laughing along with this outstanding book. Enjoy!!!

OMG this book was AWESOME!! If you read this book you would no how I feel. If you are looking for a great series of fun books this is the one to go to. I hope when you read this you will want to

read it right away just like I did. This book is mostly about a kid named Keith Emerson and he has a social studies fair coming up and he can't figure out what to do. As you would think it would be about a experiment to change the smell of gas from bad to good. Another thing I mostly liked about this book is that the book ends with a cliffhanger and you have a feeling that you have to read the next book. I hope that you will want to read it as much as I did.

Absolutely a cute book to read. Very entertaining. Great for boys and girls. Very original.
