Customer Reviews

I ordered this and my package contained only volume 1 of the 2 volume set and the study guide. The study guide is NOT the 2nd volume. This was a misleading description and now I am missing crucial information required for my course.

Arrived shrink-wrapped, brand new, on time and both volumes and study guide are there. Glad I opted to split the giant book in half.

Tons of helpful information and pictures!

As expected.

A++++

Book condition was less than described.

Came fast and extremely satisfied

Too much information! I used to love reading college text books before the nursing program but now i do not. Not only are all chapters usually more than 50 pages long but they have more words on it than a usual textbook. It does not even do that good of a job with presenting the information, if I read on my own, I cannot understand. I am surviving off the lectures now with less money because I purchased this text.
