Barcelona & Catalunya 1:12.5K/1:900K ITMB Map 2015**

Synopsis

Scale . 1:12,500 / 1:900,000 This new edition of Barcelona not only updates an already excellent city map, it relates it to its surrounding hinterland. It is not a secret that the area surrounding Barcelona, called Catalunya, has long laboured a strong desire to separate from Spain (the adjacent Basque region has also coveted independence for as long as I can remember). Our regional map extends beyond the strict boundaries of the province/pseudo independent state of Catalunya and is actually a very good map of the east coast of Spain as far as south as Valencia, but let's not split hairs. This is an excellent map for anyone visiting the Barcelona area, showing the heart of the city in immaculate detail and providing ample mapping assistance for anyone travelling to nearby urban areas comprising most of the touristic sights and places of interest. Map insets: * A detailed map of ciutat Vella district - the city centre (1:7,500 scale) * A map of La Barceloneta district including all of its narrow streets and the famous beach (1:6000 scale) * A Barcelona metro map Model: 9781553411284 Shipping Weight: 0.08kgs Manufactured by: ITMB Publishing Ltd.
