awesome game

This is one of the best pen and paper rpg's ever made. It does a great job of capturing the feel of the Marvel Universe and this set contains everything you need to get a game up and going fairly quickly. The books read fast and easy. If you're a Marvel or super hero fan then you will love this game! TSR really did a good job on this.

When I was in elementary and junior high school some three decades ago, I was obsessed with Marvel comics and Dungeons and Dragons. So when TSR made the Marvel Super Heroes RPG, I was a natural audience and spent many hours playing it. Thirty years later, looking back at the basic box set, I can see why. The rules were simple and logical. The dice rolls were simple. Both the player and the GM guides were excellent and entertaining. Add in a fun module (with a plot that

admittedly doesn't make much sense in retrospect) and colorful maps and counters and TSR hit a home run with this RPG. It's easily one of the best tabletop RPGs ever assembled even if it skews towards a long vanished era in comics.
