# Angel Numbers 101: The Meaning Of 111, 123, 444, And Other Number Sequences

## Synopsis

One of the most common ways in which angels speak to us is by showing us repetitive number sequences. Since the publication of her best-selling book *Angel Numbers*, Doreen Virtue has received even more information from the angels about the meaning of number sequences such as 111, 444, 1234, and so forth. *Angel Numbers 101* clearly explains how to receive accurate messages from your angels and heavenly loved ones whenever you see repetitive number sequences on telephone numbers, license plates, receipts, clocks, and such. Every message is completely updated for increased accuracy in understanding your angels' messages. This handy reference guide is small enough to fit into a purse or desk drawer so you'll always know what your angels are saying.

one million copies!

TY 4 this book. I have been seeing number sequences for months now, I have been seeing numbers:111,11:11,222,333,444,555,&711. This book explains what they mean.

I love this book! It is a positive affirmation that we all have celestial beings who surround and protect us. We need only ask for their help and then open our hearts and minds to their guidance. After reading this book, I use it as a reference guide to help guide me throughout my day as I hone my listening skills to focus on the many number signs that my angels, archangels and guardians send me to keep me on the path to my intended purpose. Now I am reading "How to Hear Your Angels" and find it very helpful to my spiritual growth and guidance. It is obvious that Doreen Virtue is being led by the spirit to educate and assist those of us who seek to grow in our spirituality. Angel Numbers is a must have if you are receiving number signs!!!!

Love love love! This book is amazing! My friend and I have both been seeing repetitive numbers and we were always looking to the internet to see what does this mean and I stumbled onto this book I keep it in my purse. If you believe in angels as you should this book is great because it helps you with their messages to you yes I am serious you just have to believe! Angels are there and want to help!

Ok so I have seen and used this book before. Mostly at my local metaphysical shop. They have you look up your purchase total. It's pretty amazing what numbers tell you. So lately I have been very aware of many different signs and numbers. I've been looking them up on the internet and it just so happens that it was by this same author. So I decided to get the book finally so I could carry it around with me. If you believe in this sort of thing then I would definitely recommend this book. It's small so it's handy so that is a pro. The only con I have is that it doesn't go past 999. But you can still look up individual numbers and combinations so it's not that bad.

I can't keep this book in stock in my shop long enough. Every where you look you're receiving a message. What greater book to have than this one to know what that message is.

I kept seeing the number 11. When I glanced at the time or my gas mileage on my car.....on a lot of things. This is all be chance and I started to take notice and wondered if the universe was trying to

tell me something. Lol. Then I purchased items at Home Depo and the girl at the register role me my total and exclaimed "angel numbers" . I took notice and she told that my total was an angel number and talked about this book. I was interested and she gave me the name and author. So I found it on and now I know that I was given a message. A positive one.

My mother has had this book for years and she finally made me get my own. Its a lovely book!!! It came quickly and was nicely wrapped in plastic in addition it it boxing.

I loved this book, it really helped me to know that the receptive numbers that I see are good and positive. It's nice to know that my angels are always communicating with me, especially if I've had a bad day. I mean I know my angels are always with me, but it's nice to have the number confirmation.
