Her Barbarian Master: Forbidden Love (Alpha Male Master Series Book 2)

Synopsis

"Now my beauty, you will learn what it means to be taken by a barbarian." Serenity has just crossed a line. In an attempt to defend her best friend, the free-spirited, flaxen-haired young woman has challenged the leader of the Bathus, a clan of barbarians that live in a castle ruin above her tiny village. The leader's son, Killian, decides to chastise her with a sound spanking, and throwing her over his shoulder he carries her away to be punished. Å Serenity is made of tough stuff. Even with a stinging backside she is unafraid, and yelling her fury she storms off, leaving him in stunned disbelief. But when the anger fades, she can't stop thinking about him. A short time later a rival clan attacks and they are thrown together. Their smoldering chemistry flames, but in the heat of their blazing passion they uncover a diabolical plot that threatens their lives and the future of the entire clan. Å PUBLISHER'S NOTE: This book includes sexual scenes, spankings, and violence. If such material offends you, please don't buy this book. "Storytelling at its best!" "Wonderful." "Steamy and spicy."

The love story is amazing, dangerous, and full of ups and downs. The humor is laugh out loud

funny. What really keeps the book so interesting is it is so descriptive. You can imagine every aspect of the barbarians, their castle, the villagers and the other tribes. Everything is described in great detail. You can imagine what it looks like in your mind. I really liked the strength of Serenity. She never backed down or became a door mat. Her submission was a gift only given to Killian. I absolutely recommend this to anyone who loves lots of romance, sexy scenes and an exciting new world to escape into.

I really enjoyed this story which had your brave young lady but seemed to be naughty and your very alpha males. This was a very descriptive well details story with some suspense, spanking and sex. What else do you need for a very interesting and fun read. A Must read!

Serenity meets Killian after her friend tries to steal oranges. There are a few altercations between them along the way. But all in all they get their HEA. It was a good read with a few twists and turns and surprises. It was steamy and spicy. I would definitely recommend.

Could not put it down so stayed up most of the night saying just one more page over and over again. I don't want to spoil anything or repeat the summaries already given so I will just say that you cannot go wrong with this read. Well unless you want to sleep that is because once you start it you won't want to put it down. But you will spend the whole next day smiling every time you think about it. Drove my husband nuts wondering what was on my mind!

Storyline fizzled early & was generic. Needs more depth of characters. The story has much potential. I liked the characters based on the little personality quirks I got to know through out the book.

Wishing you continue success. .sweet story Not I would have liked a little more but it is good I enjoyed it. D.H from New York City

Her books are a fast read with good romance action.

Exciting from the very beginning as it takes off like a rocket! This is the love story of the village girl Serenity and the Barbarian, Killian. The castle and area claimed by the Barbarians is off limits to the people of the nearby village who are skilled iron workers and supply the Barbarians with swords,

knives and other weapons. They do this in exchange for fruits and vegetables that the Barbarians grow in abundance where the villagers seem to be unable to. However, until Serenity makes them aware, the Barbarians do not know that the villagers do not have enough food to go around.

Serenity's second mistake was relaying this news to the leader of the Barbarians in a most disrespectful manner which was witnessed by his son, Killian. Her first mistake was trying to stop the leader from spanking her friend Layla, who was sprawled across his knees, for stealing fruit from the forbidden area. Killian took Serenity to his bed chamber and gave her a very hard spanking that had a very pleasant ending. This captivating story includes a scheming wench, a traitor, a brother who is a genius, a loving family, steamy romance, and quite possibly a very hot end. Pun intended. Enjoy from the edge of your seat, as I did. Thanks for another one, Maggie!
