## **Customer Reviews**

I had these cassettes as a child and loved them. We bought these before a trip with our kids and beyond the fact that they loved them, it was nostalgic for me. The stories have great lessons, and the cast is so loveable. As a reformed believer, some of the theology presented leaves something to be desired, but it's still preferable to a lot of other things out there. The quality of the recording is excellent.

Wonderful teaching... my 5 year old loves to listen whenever we are driving in the car and at home

and this program is a great teaching tool for parents to start a conversation with their kids about good christian principles and ethics and it is really developing a love of Jesus Christ in my son... I couldn't be happier!

Bought these for the grandkids. My kids had the tapes years ago. I am glad they are on CD's now.

these stories are so heartwarming and always teach a lesson.....for older than 7 year olds

Can't say enough good things about this set or any AIO CD set. Always awesome, thought provoking, life lessons for the whole family!

We listen to AiO a lot on our drive to school or on long vacations. The first thing my kids say when they get in the car is, "Can we listen to Odyssey?" I would never say "no" to AiO....it's awesome!

great gift

My kids LOVE these!
