My 6th grader has learning disabilities and reading is really tough for him. Once he started showing an interest and personal commitment to reading, we got him some graphic novels. This is a great book and reasonably priced. Perfect for Star Wars fans!

Birthday present for my grandson who has no idea that he is getting this. He will gladly add this to his collection and I know he will love it.

Great reading for a 7 year old.

Awesome adaptation!

Art style is pretty cool take on the original trilogy. Visually appealing. Fast paced like the movies. What more can you ask for? I think adults and kids both will like this if you like Star Wars.

A graphic novel for new and old fans! Illustration angles are sometimes purposely different than camera angles in order to add perspective. Han's vest is brown!

Wonderful update to the movie adaptation of the comics. I look forward to the Prequel version of the comics. Fast and vibrant panels. Made it a fun read.

Both of my children love this book. We read it every night. Also, because of the comic paneling and editing, this makes the original trilogy much more accessible for younger children.
