# Constitutional Law [Connected Casebook] (Aspen Casebooks)

## Synopsis

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes — portability, meaningful feedback, and greater efficiency. A unique multidisciplinary approach characterizes the leading Constitutional Law. A variety of critical and social perspectives draw on political theory, philosophy, sociology, ethics, history, and economics to give a contemporary look at constitutional law within its traditional doctrinal structure. A mixture of lightly and more heavily edited cases allows close analysis while providing a broad array of important opinions and pivotal cases. Extensive material summarizes the state of the law and its development. Constitutional Law is ideal for two-semester courses. It follows a logical two-part organization, beginning with the balance of powers among the Supreme Court and local, state, and federal governments and moving to the rights and powers of individuals. The excellent coverage of First Amendment law is clear and concise, and a distinct annual supplement separates First Amendment materials from the rest for ease of research. The Seventh Edition presents new material on originalism and the right to bear arms; incorporation and the Second Amendment; and Libya and the War Powers Resolution. Full, analytic treatment of the Supreme Court's decisions in the Affordable Care Act is presented. Coverage of the preemption doctrine is expanded. A new discussion of the Religion Clauses' treatment considers church autonomy in light of Hosanna-Tabor. The text on freedom of expression has been revised to incorporate new cases such as *Citizens United v. Federal Election Commission* (on campaign finance regulation), *Snyder v. Phelps* (on intentional infliction of emotional distress), *Brown v. Entertainment Merchants Assn.* (on violent video games), *FCC v. Fox Television Stations* (on expletives in broadcasting), and *United States v. Alvarez* (on criminal liability for lying about receiving medals of honor.) New material on privacy and the Internet brings the Seventh Edition completely up to date. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your

law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester. ☺ ☺

## **Book Information**

Series: Aspen Casebooks

Hardcover: 1671 pages

Publisher: Wolters Kluwer; 7 edition (March 29, 2013)

Language: English

## **Customer Reviews**

Geoffrey R. Stone is the Harry Kalven, Jr. Distinguished Service Professor of Law at the University of Chicago. Louis Michael Seidman is Carmack Waterhouse Professor of Constitutional Law at Georgetown University Law Center. He is the author of *Our Unsettled Constitution: A New Defense of Constitutionalism and Judicial Review* and coauthor of *Constitutional Law*. Cass R. Sunstein is Robert Walmsley University Professor at Harvard University, Massachusetts. From 2009 to 2012, he was Administrator of the White House Office of Information and Regulatory Affairs. He is the founder and director of the Program on Behavioral Economics and Public Policy at Harvard Law School. Mr Sunstein is author of many articles and books, including the best-selling *Nudge: Improving Decisions about Health, Wealth, and Happiness* (with Richard H. Thaler, 2008), *Simpler: The Future of Government* (2013), *Why Nudge?* (2014), *Conspiracy Theories and Other Dangerous Ideas* (2014), *Wiser: Beyond Groupthink to Make Groups Smarter* (2014), *Valuing Life: Humanizing the Regulatory State* (2014), *Choosing Not to Choose: Understanding the Value of Choice* (2015) and *Constitutional Personae: Heroes, Soldiers, Minimalists, and Mutes* (2015). Mark Tushnet is the William Nelson Cromwell Professor of Law at Harvard Law School. He is the author of *Slave Law in the American South: State v. Mann in History and Literature*. Pamela S. Karlan, Kenneth and Harle Montgomery Professor of Public Interest Law at Stanford Law School, cofounded the Stanford Law

School Supreme Court Litigation Clinic, through which students litigate live cases before the U.S. Supreme Court.

Lot of fluff, you're better off reading a guide where you get the same information reading about 1/50th as much, plus you can actually have problems to test your knowledge. This textbook is bullocks.

Most of the 5 star reviews are about the condition of the textbook rather than the content. As a law student who had to use this book, I think it was HORRIBLE. It provides no clear explanations and made the course it much more difficult than it needed to be. I relied heavily on supplemental materials and stopped reading the textbook altogether.

Horrible writing. This is the most aggravating book on Con Law.

10/10 will give you more constitutional knowledge than our current president has

Ton of highlighting in it but it was a good price.

The authorities on this subject, the renowned Cass Sunstein and Lawrence Tribe. This book has everything you need to understand Federalism principles, Federal-state relations, Bill of Rights. Includes some of the most famous cases in American History: Plessy vs. Ferguson, Dred Scott, Brown vs Board of Education and Roe vs. Wade. An excellent, highly detailed read for hobbyists, political science majors, aspiring law students, American history buffs.

It's a casebook, so it's not supposed to be great reading, but this one is by far the worst casebook I've ever had. The only thing a casebook needs to do to achieve mediocrity is contain cases. This doesn't, not really. It gives you the cliff's notes of important cases. One sentence blurbs about others. And pages and pages of rambling, aimless, academic debate. It may be a good book for Con Law professors and others who have already read all of the cases discussed. For someone trying to learn con law, it is useless. It is also organized very poorly. Any class organized around this book is doomed from the start. If your professor uses this book, take another class. If you can't take another class, buy the Chemerinsky treatise and rely on that instead. Professors: DO NOT USE THIS BOOK.

This is by far and away the absolute worst casebook I've used in law school so far. As others have mentioned it is very disorganized and difficult to follow. I highly urge professors to use Chemerinsky's book instead.
