Customer Reviews

Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. Like many kids, he was first inspired to become a manga artist in elementary school when he read *Dragon Ball* by Akira Toriyama. After spending time in art college, he won the Hop Step Award for new manga artists with his story *Karakuri*. After considering various genres for his next project, Kishimoto decided on a story steeped in traditional Japanese culture. His first version of *Naruto*, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in *Weekly Shonen Jump* in 1999, quickly became the most popular ninja manga in the world. The series would also spawn multiple anime series, movies, novels, video games and more. Having concluded the series in late 2014, Masashi Kishimoto has kept himself busy this year with the sidestory *Naruto: The Seventh Hokage and the Scarlet Spring* and writing the story for the latest *Naruto* movie, *Boruto: Naruto the Movie* both of which will focus on the title character's son, Boruto.

Uzumaki Naruto: Illustrations is a needed book for any fan of Naruto the manga. Not only do you get the colored arts for more of the 2nd half of the series, but also the color arts for things like the poster and arts for the movies. Additionally you are getting the images on nice high density paper which is quite sturdy but also quite perfect for the arts (much better quality than the paper they appeared on in the magazine even). Better yet it is also in large artbook sized paper even so in much better size than the manga volumes. I loved some of the comments from Kishimoto provided in the back of the book. Definitely get this before it goes out of stock! Its a worthy 20\$ spent. Additionally you do get a double sided poster and stickers!

The illustrations are amazing! It is extremely nice to go through them from time to time. But if you expect full-on commentaries of Masashi Kishimoto you will be disappointed. Most of the book is filled with pictures, and only in the last page there are some autor's words.

I love Kishimoto's works and I love the series, but several of the pages have come loose and fallen out of the book. One set of pages fell out the first time I opened it, and I just shrugged it off, but now other pages or beginning to fall out.

Definetly worth it. It has a poster with one side of The Last Naruto the movie and Sasuke with Naruto when they're with the six paths. And some little stickers... Lol

The content of the book itself is fantastic and exactly what I'd hoped for. But the binding of the product is poor; several pages rip out of the book with a simple turn. Kind of disappointing. So the illustrations are 5/5, but the book is 3/5.

Awesome art book that nearly wraps up the Naruto mythos. 10/10 recommend of you're a fan of the series!

On display in my apartment. If you're a hardcore fan, don't hesitate, buy it now, you need it. Sasusaku in here is beautiful...

as soon as i opens the book to start looking at it the pages started to fall out
