Narada Bhakti Sutras

Synopsis

A verse-by-verse translation with Sanskrit in Devanagiri, transliteration, and commentary. Based on classes given by the author while visiting the Vedanta Centre in Japan. The author, Swami Bhuteshananda, was the 12th President of the Ramakrishna Math and Ramakrishna Mission. He was greatly loved and respected for his saintly personality, his profound scholarship, and his lucid exposition of the scriptures. He visited the Vedanta Centre of Japan ten times, staying there for about 75 Japanese students of Vedanta. Many of them who attended his classes all the years, later taped, transcribed, and sent the scripts to Belur Math. The swami initially rejected the idea of bringing the title out in a book form, for he felt that the lectures were superficial. Impressed by reading the lectures in Vedanta, many, however, persisted in their request to publish them as a book.

Book Information

Hardcover: 212 pages

Publisher: Vedanta Press - (Advaita Ashrama); 1st edition (April 7, 2010)

Customer Reviews

Narada is one of the great Hindu saints, and is mentioned in the Rig-Veda and the Puranas. --This text refers to the Paperback edition.

Narada was the messenger that roamed between the Celestial God's and Beings on Earth. The Bhakti Sutras of Narada embody the beauty of Divine Love as an interface between Heaven and Earth. Each word is infused with God's Love: the divine is in the human spirit of devotion, and the grace of God is in the resonant surrender of the human heart to words in this essential gift to and from the Bhakti Yogi, Narada. This is one of the most profound mystical offerings ever made.... If there were 10 stars with which to rate this work I would give it an 11!

Deeply moving hunger satisfying truth. A scripture in it's own right.

A beautiful book! I read it after only 6 months of practising spiritual yoga and immediately warmed to it. It explains the nature of Divine Love, for example its all-inclusiveness, its compassion, purity, supremity; the practices we should use to help us attain this high state of experience, and what we should avoid, for example, the pleasures of the senses, the EGO! This advice is clear and practical for the serious seeker. Swami Tyagisananda states the book is: "with Sanskrit text, word-by-word meaning, English rendering of the text and elaborate explanatory and critical notes". These notes are well-presented, covering different angles of viewpoint, they are comprehensive and informative, and very interesting. There are headings at the top of each page for ease of reference. The Sanskrit terms are defined as necessary in the notes and the notes are flowing and readable, not interrupted by constant footnotes, endnotes and other distractions. This book has uplifted me and helped progress my spiritual journey.

complete with devanagari (sanskrit text) and beautiful commentary, the bhavana of Rishi Narad comes through the pages and touches the heart. great for beginning and intermediate sanskrit students, this book can be appreciated by jnanis and bhaktas alike

An excellent book. very nicely translated.
