With degrees from Wheaton College and Dubuque Seminary and a PhD from Michigan State, Emerson pastored Trinity Church in Lansing for 19 years. He and Sarah have been married since 1973 and have three children.

We just celebrated our 30th anniversary. This book and video series was the only thing that genuinely helped us. All our other marriage seminars, books, etc. focused on communication. We were communicating fairly well, just were always butting heads trying to get the other to change/not understanding why we were always butting heads when we loved each other and agreed on so many life issues. This book changed our marriage for the first time, because it helped me understand that my husband is just plain wired differently and MUST feel respect. He would get mad, but I'd have no idea why - because I was looking from a female perspective. Finally, as I changed my interactions with him, he felt respected and calmed down. He had always treated me very well, but after I changed, his feelings for me seemed to go deeper. I could go on but won't. I recommend this book and ministry to everyone I encounter.

I have this book already but ordered it for someone else, from . This is a very good guide. Definitely something to purchase before getting married or as a wedding gift. Initially, I felt like, my husband should be reading this book when I first read it. Till this day, he has never read this book!From reading this book I noticed by making small changes in the way I communicated and reacted I began to see big time changes in my marriage. This was just one of the tools that helped me out during a rough time in my marriage and I have been married as of today for 12 years, early on, I

wasn't sure how long our marriage would last.

This book was amazingly helpful. It has wonderful information and makes so much sense. I would recommend this book to people who are married or single. It can be applied to every person you come in contact with. Thank you for the truth, love and respect that you are teaching!

Awesome book! Transformed my courtship experience and has laid a strong foundation for my marriage!! Every couple needs to read this book. It will change your marriage and life!!

Love this book! My husband and I read it together and briefly discussed each chapter. We have a wonderful marriage already but we enjoy reading Christian marriage books together and this is definitely a favorite!

This book could change the whole way you view your relationship. This book has shifted my heart to be a better wife to my husband, and him be a better husband to me. Men and women have different needs and this book helps better understand them.

I'm so excited I began with THIS book when wanting to focusing on improving my (already good) marriage    I can't believe it took me 14 years to pick it up  But the concepts are so simple yet life-changing!

Great book are new/engaged/married couple
