Wicca For Beginners: How To Get Started With Wicca, Discover Wiccan Beliefs, Rituals, Deities, Spells, Magic And Witchcraft

Synopsis

Learn What You Need To Start With Wicca And How To Find The Inner You In this fast-paced, modern rat race, do you find yourself yearning for life to have a deeper meaning? Do you long for simpler times, feel an urge to reconnect with the natural world? Do you feel yourself reaching out for wisdom, for guidance, for any connection with a greater being? Do you feel that, in the endless race to be better, to work harder, to earn more money to buy more possessions, you are losing your connection with your spiritual self? Then perhaps it's time to take a breath, and to find a different path. Perhaps it's time to step away from the modern world, time to look back to the past to find a better way. Perhaps it's time to find out if Wicca is the religion for you. Wicca is a peaceful religion based upon ancient pagan traditions. It reveres nature, worships the divine and encourages the use of magic. Practiced by many around the world, Wicca is open and flexible, encouraging practitioners to find their own spiritual path, to worship in the way that best suits them and their spirituality. You can even choose which deity you want to worship! It may seem a little daunting when you first start learning about Wicca - all this talk of celebrating the Sabbats, worshipping deities, performing rituals and casting spells. With no religious texts, no central authority to ask for advice, and the endless contradictory information you'll find on the internet, where do you even begin? That's where this book comes in. This book will teach you the bare essentials of Wicca, explaining the basics in simple, easy-to-understand language, giving you the facts without overwhelming you, allowing you to understand all of the elements that make up this religion, and to decide for yourself if this is the path you wish to follow. Learn how this widely practiced religion, with its emphasis on respect and worship for nature, can provide an escape from the modern world and all its stresses. Find out how you can discover your own personal connection with the divine, and how you can use magic to achieve success in your everyday life. Read about how to perform a ritual and how to celebrate the Wiccan festivals. Delve deeper into the magical world, as we show you how to use everyday items to cast powerful magic. Discover how you can use divination to answer your most pressing questions, and receive the advice that will help you overcome any problem. Learn how you can work with the elements to make your wishes come true. See how even simple herbs can be used to bring you love, fortune and happiness. Find out how you can use crystals to heal mental and physical ailments. Read about how you can connect with nature and meditate to calm and center yourself. Want to take your study in Wicca further? Read our next steps for aspiring Wiccans to see how to continue on the path to a contented and more powerful you!

This author and her work is highly amazing. I love how she puts into details of everything you need to know. Its simple and I enjoy reading it. In davit I cannot wait for her other books to come out. Its amazing how much you can learn just by gathering the proper information and also I couldn't of asked for a much better book. This book for beginners is awesome and I HIGHLY recommend it to ANYONE who is willing to take the time to study and learn. She defiantly put alot of effort and time knot the book which is why I wish I could rate this a ten but only allows five stars! I am HIGHLY impressed! Love her work now!

I feel the book touched on everything a person looking to review the basics of Wicca,or even understanding it would want to read, it was also very honest but fair,its a book worth picking up if you want to just read as well. I enjoyed learning more about Wlcca and the practice. If you wish to learn more about Wlcca and not judge people on their belief this is a great start.

I really appreciated the information and history that went into this book! I'm interested in all sorts of religious and spiritual practices/cultures, specifically Wicca. No matter what you believe or what you think, this is an amazing read! I personally learned a lot of new information, and that's due in large part to the way the book was written. The author really keeps it simple and easy to follow, instead of most "beginner" books that flood you with things you're clueless about, which defeats the entire purpose! There were so many inspirational thoughts and ideas that I got from this, and it's helped

me see so many things differently, and in a healthy way. I feel that this book found its way to me for a purpose, and I'm grateful for having the opportunity to read it. Highly recommended!

Scarlett Wright has done a fine job putting this informational book together. It explains in detail the origins of Wicca as well as what it is and isn't. She then guides you step by step on the process of learning and becoming Wiccan. I consider this one of the finer books on the subject.

I have read a number of Wicca for Beginners books and this one has to be by far the best! Scarlett Wright went into depths that other authors did not for whatever reason. Scarlett Wright has written a book that's not only great for the beginner but for the advanced Wiccan as well.

I'm a beginner, and after reading this book and a few others, I feel more confident that I have a nice foundation upon which I can expand and grow. I'm always looking for ways to improve my life and help others, so I appreciate the well rounded information and the section on performing rituals and spells. This book is indeed jam-packed and well worth reading.

This book definitely helped me get a much better understanding of what Wicca is and how to gain a better understanding of it. It showed me how to become a Wiccan and dedicate myself to Wicca. I picked up this book looking for a better understanding of Wiccan herb Magick and by the end I not only learned more about herb magick, but also about every other aspect of Wicca as well.

This is the best beginners book I've ever read for this subject. It gives you a basic and simple explanation of the Wiccan religion. Making it a fun and simple reading and introduction. If you are interested in Wicca, this is a must read.
