Before You Say Goodbye (The Haven Series Book 4)

Synopsis

The fourth book in the Haven series. “The truth about life is that sometimes your plans don’t matter. You can spend all the time in the world agonizing over your decisions, your next step, who you want to be, and one moment can change all of that. The truth about forever is that it doesn’t actually exist.” Lainey Winslow and Adam Montgomery have always found a way to make things work. And then they couldn’t. Soon they find themselves at a crossroads with everything to lose and everything to gain. Lainey tries to move forward, creating a new future with Declan, while Adam explores his past to find out where it all went wrong. It doesn’t take long for things to come to a head, a decision made but is it the right one? ‘Before You Say Goodbye’ is the fourth and final novel in the Haven series.

Customer Reviews

YES! YES! YES! I got my ending. I’m flitting around the house excited and happy as a blue jay, shouting “Five stars! Five stars!” The first half of this book felt sad to me. Maybe because I knew it was the final book in the series and no one seemed to

be heading for the happily-ever-after I wanted them to have. Things were really stressed between a lot of the characters and I was feeling very frustrated with them. As it turns out, that's exactly what I was supposed to be feeling. (Well done Kaitlyn Oruska.) I don't want to give away any spoilers, so I'll just say I think Lainey made the best decision in her life by doing what she did at that point. The story was smooth sailing after that. I really enjoyed reading this from the different POVs. It gave me a great insight into what Adam and Declan were going through. I really grew to appreciate how mature and level headed Declan was. Especially in a certain scene where Adam wasn't so happy with him. Reading his POV gave me the feeling of peace, even when everything else was crazy. As this series comes to a close, I just want to say that I have loved the journey. Not only have I seen Lainey grow and change into a woman who knows what she wants, I have seen Kaitlyn Oruska grow and develop as a writer. I'm so proud of her, and so glad I stumbled upon her first book. It's been quite a ride. I can't wait to read her Haven epilogue novella, Endless, and find out how all my friends are doing. There were a lot of really thought provoking lines in this book, but my favorite is this: "The hardest part about falling in love is that it really is like falling and most of the time you have no idea where you're going to land."

Started Reading this series with my teen age grand daughter this summer:) It was cool. Lots of discussions about the various characters and opinions. Volume 1 "The consequences of forever" starts out with the main characters being two teenage girls, and what else "BOYS" and "LOVE". We so enjoyed the anticipation of what will happen next and the following of the characters as they mature. It is clean and crisp reading, addressing real life, "growing up" issues for both boy and girl, and man and wife. Recommend for young at heart readers. Easy reading.

I was lucky enough to be a Beta reader for this book. I love the character development that took place in all of the books. The main characters were not perfect they made mistakes but they moved on, grew up and I loved where they ended up. I love Kaitlyn's writing style it flows very well and I think she is a wonderful author and I can't wait to read her next book. Make sure you read all 4 books so you can see how far the characters all came and you will fall in love with Haven and Lainey & Adam & Harper & Declan like I did.

This is my absolute favorite series. I wish it didn't have to end. Adam and Lainey grew so much

through the series, especially him. I loved who he became and the person he turned into. This is a must read, all 5 of the books.

This one was written differently than the other books so I was afraid that it would mess me up but I ended up loving reading it! I was able to connect more with Adam and Declan in the other books I was only connected to Lainey so this one helped me really get into the story. I read the whole book in a day I couldn't put it down love it

True love and heartbreak made this book an amazing read. All characters . I liked except Maggie and Hannah I just couldn't like or agree with her at all.

Kaitlyn, Another great book. I'm so proud to know you! Keep writing!

Pretty boring and had to stop reading the series at this book because it wasn't as good as the previous ones.
