Cannot write papers without it. Easy to use once one uses it on a regular basis. Simple, concise, and concrete.

This was an important book for me to get for my degree (Masters). Was helpful in refining the structure of some points. If you're studying justice studies or legal studies, this would be helpful.

Its a book i needed for a class... if you are writing law papers or criminal reports this book will help you with all those formats.

Very helpful for class!

I'm a Criminal Justice student and this book is a must have book. It tells you everything you need to know about writing papers, reports and graphs.

I rated it as okay, due to it really didn't meet my needs. It may be more helpful in my future courses, so I will retain it instead of selling it back upon the completion of this course.

I could have used this manual during my Criminal Justice studies.

Excellent thank you very much
