33 The Series, Vol. 2: A Man And His Story

Synopsis

In the pursuit of authentic manhood, every man must understand and come to grips with the defining moments and key relationships that have shaped his unique “story.” In this second volume of 33 The Series, men explore their stories through a biblical perspective. With help from experts and regular guys, they will be equipped to learn from their past, come alive in their present, and enjoy God’s best in the future. Features: Timeless truths adapted from the original Men’s Fraternity A multi-generational and racially diverse teaching team Engaging roundtable discussions Exclusive interviews with manhood experts Moving testimonies and documentaries Teaching combined with a variety of creative elements Six 30-minute sessions For group or individual study

Customer Reviews

The book is a good guide to the videos we watch. We have rightnowmedia account through our church so we only need the training guide. If you are studying this with a group you should only need one book between everybody. You should check with your church if they have rightnowmedia. Some churches may not advertise it but have it. Overall, i like the study guide. There are real stories for redemption in between sessions which are very encouraging to look at. This book in particular covers the foundational basics of where men are in our culture and the history behind it. It also hints where we are headed as a culture (good or bad). I like the study because it’s Christ centered and not a self-help book. Christ should be the foundation.

Volume two of the 33 series goes straight to the heart of things that stand in the way of men today. We just finished with volume one, A Man and His Design, in our mens group and are looking forward to starting volume two. To be truly effective this course should be used by a group of men and not individual use. The book is a workbook to be used in conjunction with the Authentic Manhood 33 videos. The book by itself would be pretty useless. There are 6 video +book volumes in this series with each volume divided into 6 sessions approximately 30 minutes long . I strongly urge all men who are in a small group to do this series. You won't regret it.

I'm leading a group of men at my church through the entire series. Volume 2 is very powerful. I recommend the 33 Series to all men who want to grow spiritually, relationally, and emotionally.

Book is OK as far as content. Nothing really heavy, deep. I would call it Christian pop psychology - lite, but it's still OK content. The book was fully written in so I was disappointed in the very good condition claim when I bought it. But even with the writing in it, it will serve my purpose well.

love the series and also men;s fraternity

I've studied the part 1 of this series with some men from Church. I'd definately recommend using the videos that go along with this material. A definite win win when you use the material to look deeper at what makes us up as men.

Great Bible study for men. Can't wait to delve into part 2

I would highly recommend every man to go through the entire series. I think you can start them as young as 13 years old. I've heard myself as well as 50 year old men say, "I wish someone told me this growing up."
