Psychological Testing: A Practical Introduction

Synopsis

Tom Hogan's Psychological Testing: A Practical Introduction, Third Edition emphasizes active learning strategies to provide a practical introduction to the field of testing in Psychology and allied disciplines. A rigorous yet accessible text, Psychological Testing is uniquely written as a learning device as opposed to a reference work, encouraging readers to apply the material they are learning to real-life, contemporary situations.

Customer Reviews

This book is not a easy read. I was using it for a class and had to buy it because the prof liked it. But you cannot self teach yourself reading this book..

Got this for my college course. I got an A... so good I guess.
