Customer Reviews

I purchased this for my teenage daughter who is very hard to shop for. If you have a horror movie fan in your life this is a great stocking stuffer or fun small gift idea. The pictures are not very complex or difficult to color but it makes for a fun unexpected gift.

Not as good as I thought it would be. Most likely you could print better pics to color off the Internet.

Book looks unfinished and rough.

same as volume one different cover

Product was good and fun to color however the lines and details in the illustrations for the coloring book were not so good I needed a ultra fine sharpie to finish some lines but over all the book was

fun to color and is good for any horror movie classic fans

Love it, I love scary movies and glad they came out with a coloring book.

The pictures inside left a little to be desired. They're ok, but lacking in detail...to the point that some of the outlines aren't even finished. Hard to color in the lines when there aren't lines.

Horrible sketches, it's like a 3yr old drew them
