The Wreath Recipe Book: Year-Round Wreaths, Swags, And Other Decorations To Make With Seasonal Branches

Synopsis

From the authors of the widely popular Flower Recipe Book, and in the same successful format, The Wreath Recipe Book provides 100 recipes to make with flowering and leafy branches. These aren't just evergreens for Christmas—the book is organized seasonally, with dozens of projects to make throughout the year. In the spring, a cherry blossom bough gets a touch of whimsy with a colorful ribbon, and a tabletop is adorned with lilacs and olive branches. In the summer, a garland features sage with pomegranates and citrus-colored strawflowers. In the fall, wreaths are created with magnolias, rosemary, and plums, and gourds are used to create an unexpected garland. Winter highlights cedar, pine, and juniper, yielding unexpected table settings and new wreath shapes. There are detailed ingredient lists and hundreds of step-by-step photos as well as chapters covering basic techniques, sourcing, and care information.

Book Information

Series: Recipe Book

Hardcover: 272 pages

Publisher: Artisan (October 7, 2014)

Language: English

ISBN-10: 1579655599

ISBN-13: 978-1579655594

Product Dimensions: 1 x 7 x 9 inches

Customer Reviews

“Genius . . . Stunning.” —Good Housekeeping “For year-round decorating ideas, snag The Wreath Recipe Book. It’s formatted like a cookbook, with ingredient lists and simple instructions for making unusual wreaths.” —Sunset “The projects are inspiring and never overwhelming. . . . Floral designers have all sorts of tricks, of course, and the Studio Choo designers are happy to share them here.” —Los Angeles Times “[The book’s] 100 wreath, centerpiece and creative natural decoration recipes . . . make me want to grab all of the branches and leaves I

see on my walk home and turn them into something special for the table. . . . Alethea and Jill of Studio Choo decided to organize their book by season, with plenty of projects you can create in the spring and summer, not just in winter "holiday" months." "Design*Sponge" "Garlands, abstract arrangements, and the titular wreaths for every season. . . . Framing their ideas as recipes, the authors assure the reader that anyone who can understand how to make lasagna can also make an ethereal crown of juniper, orchid, and air plants." "Publishers Weekly

Alethea Harampolis and Jill Rizzo are the authors of The Flower Recipe Book and founders of Studio Choo, a San Francisco-based floral design studio that serves up fresh, wild, and sophisticated flower arrangements for any occasion. Their work has been featured in the New York Times, Real Simple, Redbook, Country Living, and Brides; in their guest column on Design*Sponge; and on lifestyle sites like Apartment Therapy, Kinfolk, and Remodelista.

I couldn't wait for my wreath recipe book to get here and now I cannot wait to try making these arrangements for myself! This book is perfect for DIY'ers and floral designers alike. The construction techniques on their own are extremely useful. If you are creative and looking for a fresh interpretation of the age old wreath I would highly recommend this inspiring recipe book.

The book has great pictures. I was disappointed though. Bought this thinking I would see many wreath ideas. There were MANY flower arrangements. The name of the book led me to think it would consist mainly or all wreaths.

Extremely creative & descriptive how-to wreath-making manual, going through each season using available materials. Expert results.

fun projects

The designs were very creative, but I was looking for something appropriate for our church. None seemed to excite me for that purpose.

Beautiful books and just what the giftee wanted. I looked through them, gorgeous photography, fine attention to detail with the smaller font and tiny arrows identifying each item, effective use of white space, pleasing arrangement. Thank you.

This book is fun as just a read, or as inspiration for your own projects. Ultimately I decided not to make any of the projects b/c it was too hard to get the materials, but I enjoyed just looking through it.

I received this book on time. It's a really good book. Beautiful colorful pages. I intend to buy the other recipe books. I would highly recommend this book.
