Deadly Winter: The Life Of Sir John Franklin

Synopsis

Despite the fact that Sir John Franklin's name is in the forefront of the surging interest in polar exploration, this is the first full biography written in twenty years about the British adventurer who disappeared with his men in the Arctic in 1845. This book examines Franklin's incident-filled and sometimes contentious career as an explorer, including theories old and new regarding his final Northwest Passage expedition, and questions about his first overland expedition, where many of his men died from the cold and starvation. In addition, the author recounts Franklin's naval career that included service with Nelson at Copenhagen and Trafalgar and joining the great navigator Matthew Flinders on the first circumnavigation of Australia. Nor is Franklin's stormy service as governor of Tasmania overlooked. Complimenting the epic side of his life as an explorer is a portrait of his personal life, based on the rich correspondence and diaries of his two wives, including efforts to pressure the Navy to find the missing husband. The engrossing work is sure to be enjoyed by all exploration enthusiasts.

Book Information

Hardcover: 272 pages

Publisher: US Naval Institute Press (June 1, 2002)

Language: English

ISBN-10: 1557501793

ISBN-13: 978-1557501790

Product Dimensions: 9.6 x 6.5 x 1.1 inches

Shipping Weight: 1.4 pounds

Customer Reviews

Martyn Beardsley is a writer of children's fiction who became fascinated by the Franklin story while researching a children's novel inspired partly by the 1845 Northwest Passage expedition. He is a contributor to History for All magazine. --This text refers to an out of print or unavailable edition of this title.
