In The Spirit Of St Barths (Icons)

Synopsis

In spite of an airport runway that's not for the faint-hearted, St. Barths is synonymous with Caribbean elegance and chic. In this celebratory volume Pamela Fiori, a regular visitor for both work and pleasure, shares the legacy of the island. Through interviews with locals and regulars, many of them boldface names, she shows off the best beaches, villas with extraordinary views, and some of the island's most memorable destination weddings. A final chapter, "Essential St. Barths," features Fiori's pick of hotels, villa rental companies, event planners, restaurants, bars, nightclubs, and shops.

Customer Reviews

Pamela Fiori's career in magazine publishing spans more than forty years. She was editor in chief of *Town & Country*, America's premier magazine for the affluent in America, for seventeen years. Before that, she was editor in chief of *Travel & Leisure* for fourteen years. An authority on luxury, travel, style, connoisseurship, and philanthropy, Fiori writes and speaks frequently on these subjects. Her first book, *Stolen Moments*, is a tribute to the photography of Ronny Jaques, a contemporary of Richard Avedon and Lillian Bassman. She has also written *In the Spirit of Capri*, another book in this series, for Assouline.

Know her and truly respect her work

Gave this as part of a Bridal Shower gift as this was their honeymoon destination and it was a hit.

Great Coffee Table Book.

This was pretty much purchased as a display piece, and it is a gorgeous book. Full of beautiful pictures and a striking piece.

Great book good description of island history restaurants beaches etc its like reliving your time on St Barths ...every time I look at book I want to go back

This book tries to be a travel guide and an informative account of the island at once, but in the end it doesn't accomplish either. As thick as a magazine, and half the size of one, this book is really cheaply pulled together from old photos of celebrities and newer shots of the island itself. The fact that they put a hardcover on it doesn't turn this into a nice book. To ask \$30 for it is quite brazen.
