Customer Reviews

My 18 month old grandson knows many of these words and says "basketball!" Whenever he sees commercials for or a game on! He loves this book!

Great little simple picture book. Perfect for introducing toddlers to first concepts of the game. I like that both boys and girls are featured as players.

My baby girl loves this book! I like that there's a nice mix of boys and girls shown, as well as male and female coaches pictured. Pictures are clear and bright.

Great quality. Larger than expected. Perfect for a baseball baby gift.

My one year old went to a college game and wouldn't stop saying "basketball" so we bought this

book. He loves it and has picked up some new words that are not in a lot of children books.

I didn't realize this book is not an actual story, just pictures/words about baseball. The pictures are cute, but you end up having to make up your own story. And this mama does not have time for that.

This was a shower gift to go along with the blue ball and baseball bear, they all loved it.

My 18 month old LOVES this book. He loved balls, especially basketballs.
