Make it as fun, funny, or far-out as you choose. [Say Something More](#) We are Knock Knock, independent makers of clever gifts, books, and whatever else we can think up. Our mission is to bring humor, creativity, and smarts to everyday life. Say something more with Knock Knock stuff. Need Fill-in Ideas? A few fill-in pointers to craft the perfect Fill in the Love journal: 1. If you're not a poet, or even a good speller, don't sweat it! Just be detailed and real. 2. Seemingly banal choices can be surprisingly effective. ('I love your nose'). 3. Write out your fill-ins on a separate piece of paper first. It's less pressure. 4. If you're stuck, cross out and rewrite the prompts to make them work for you. Don't overthink it. Don't judge. Just relax. They're going to love it.

Knock Knock Journal

Some of the questions seem repetitive and it can be tough to come up with clever answers. I'm in my 30's and my best friend in her 40's and she LOVED it and sent me these photos as she went through it with jokes about what I'd written. For someone who enjoys thoughtful gifts that take a little time I recommend it, especially if you can play with your answers a bit. It would be nice if it had other things more related to memories you share, but it was still fine. I also cut out a few little pictures and taped them inside for fun.

I bought this for my husband and used it for our one month anniversary and he loved it! It was a joy to make and has so many pages with different things that it'll be great to come back to in the future. These books are definitely great for your significant other as he got me one while we were dating in college and I'll never forget it. The fact that you can fill in the blanks with whatever means something to the two of you just makes it so special and personalized. If you're thinking about getting one for him or her... DO IT!

So tiny....definitely not what I was expecting....but what more can you ask for when the price is too good to be true plus long time shipping...my little book for my best friend came in earlier today than expected...but took so long to ship....kind of disappointed on the size but not bad I suppose. Hope she likes it. Almost like a miniature story book for a child...interesting

I bought this for my best friend's birthday and she said it was one of the best gifts she ever received. Be prepared to put some work into this but fun work. We all have those inside jokes and funny memories with our best friends and through this book you can re-live them all. I wrote all 50 of the fill ins and then took my time to think of what I wanted to say and be sure not to repeat myself. I saw another reviewer suggest this but she did it on a word doc which would be faster. Any best friend will truly appreciate the time effort and memories! Some sample statements are: You at the best at (blank); if you were a junk food, you would be (blank). Just fill in the blanks and you have the best gift!

This is a great gift to be given to someone special in your life. In this case it was for my best friend and it allowed us to reminisce on all the great memories we've made over the past 7 years. Each book has about 50 customizable pages and it's a fun time. It's a great small gift that your recipient can keep as a reminder and keepsake. Only complaint is the book is much smaller than expected. It fits in the palm of my hand.

This was very fun to fill out for my best friend. It took a while because I decorated the pages with stickers and doodles and by the end it couldn't close but it was so perfect. I filmed a video of me flipping through the pages so I wouldn't forget what I made / sent her since I mailed it to her in a care package. The size is so adorable and I love that it's a lovely little reminder that she can take out and look at when she misses me to smile at all of our amazing memories and inside jokes I included for her inside.

My 9 year old son gave this to his best friend who is living abroad and will be celebrating his double digit birthday next week. The book is small (about 4-5" long) and has 50 questions for the Receiver to fill out. We spent a good hour going through each question. I typed the answers and the next day my son used these answers to fill in this book. My son enjoyed thinking deeply about his friend and how he has impacted his life in a positive way. We are sure that birthday boy will love this book.

My Bestie absolutely LOVED this book! What makes Besties Besties is they know all the little things about each other and it was really nice to be able to incorporate those things into a book. She laughed, cried, laughed, and cried again. Pages upon Pages to fill in the blanks about someone special makes them feel extra special. From now on I will be buying all these books and giving them to people as gifts :) Only thing is, the book is rather small, but that might be good for a shelf, night stand, or travel!
