Customer Reviews

I love stickers, I don't like the amount of newer Pokémon than older ones, but that doesn't keep me from sticking them everywhere. I'd recommend this to any Pokémon fan in your life.

My boys are very happy with this sticker book. Bear in mind, the stickers are very small, but there are a ton of them.

6 yr old grandson loved

VERY NICE!

My older boy absolutely loves this book, its about his third book of the same pokemon. Great book for youth.

Just like our old one!

I bought this book to entertain my 6 year old Pokemon fan in the car. I am not sure how long he played with it, but long enough to put all the stickers in their correct spots. He really enjoyed this book.

I ordered this thick paperback thinking that I would get a lot of large stickers. However, this book managed to fit 70 pokemon stickers each on 7 pages, meaning very small stickers. There's six huge stickers on the back, which is a nice plus. Get Pok  mon: Diamond & Pearl Sticker Collection (Pokemon (DK Publishing)) (Paperback) if you want better stickers than this product.
