Synopsis

Win big and win often in the world's greatest financial market With \$5 trillion traded every day, FX dwarfs all other markets. It's a tough market to master—but not as tough as people think. Currency Kings provides the keys anyone can use to unlock the enormous potential of FX. FX guru Ben Robson walks you through the process of 1) developing a sound strategy, 2) creating a competitive edge, 3) scaling your efforts, and 4) managing risk. It's a simple, commonsense approach. And it works incredibly well. Robson has been using it to drive major profitability from FX for years. Throughout, he analyzes the strategies of the world's greatest FX traders, including: George Soros—perhaps the greatest FX trader ever—John Henry—the brilliant technical trader and risk manager—Urs Schwarzenbach—veritable king of options—Peter Cruddas—a pioneer of retail fx trading—Jim Simons—who made billions with computers and arbitrage—Renat Fatkhullin -- mastermind behind Metaquotes trading software Each of these investors have drawn untold profits through FX trading—and none of their styles is the same. Which goes to show that there is always room for innovation. Currency Kings provides the foundation, you build on it with the right combination of discipline, original thinking, and a powerful will to win. The behemoth called the FX market awaits. Use this unparalleled investing guide to profit beyond your wildest dreams.
