The Activation Sequence: Discovering Your Genius (The Gene Keys Golden Path)

Synopsis

Those of us who are privileged enough to have time to contemplate our purpose have a special responsibility to the earth to bring this essence into the world. There still exists much suffering in the world, and every time we incarnate even a small aspect of the greater ideal of a better world, we fulfil our higher Purpose. This is the true meaning of your Activation Sequence. This book is a companion volume for the online program, which contains additional webinars and online guidance. www.genekeys.com

Customer Reviews

does not give any guide to the meanings. apparently, there is not a book out there that does, and the title and description makes the customer think there is going to be a key guide, but there isn't.

Absolutely wonderful and a must for people working on unlocking the potential within your DNA profile!!

love the gene keys

ALL Gene Keys books, by Richard Rudd, offer a profoundly transformative experience. Reading the Big Book (Gene Keys: Unlocking The Higher Purpose Hidden in Your DNA) allows you to

experience the shift in your Being, as you read and "Contemplate" each of the Gene Keys. Take the journey...it's worth it.(And...you really need to "Be Conscious" when you go on this journey of unlocking whatever is there inside, that is wanting to come up and out. Transformation is a challenging Awakening.) Namaste
