The Clear And Simple Thesaurus Dictionary: Revised! Fully Updated!

Synopsis

Our bestselling (over 1.5 million copies sold!) Clear and Simple Thesaurus Dictionary has been fully REVISED and UPDATED, and now it lists a definition, part of speech, synonyms, antonyms, and a sample sentence for each entry. It has been formatted to be easy for kids to use, and is every kid's perfect reference to English words! The thesaurus and dictionary elements together in one book make it easy for readers to learn new words as they look up familiar ones, too.

Customer Reviews

The Clear and Simple Thesaurus Dictionary is the most practical thesaurus I have found for use with my fourth- and fifth-grade students. Unlike many thesauruses, it is formatted in a style that students (and adults!) will find familiar and easy to use. While not as comprehensive in scope as those designed for college use, this thesaurus allows students the satisfaction of finding synonyms or associated words for almost any word they might need. I had not found this to be true of other "beginning" thesauruses, which was a frustration to both my students and to me. This gem was a major find, and is now in regular use in my classroom. I highly recommend it to any teacher of intermediate or junior high age students, as well as to parents who want a truly helpful resource for their school-age children.

Bought this item for my grandson in 3rd grade. The clear and simple was the reason I bought it. I

was disappointed that every time he looked up a word it was not in the dictionary. Might be good for 1st & 2nd graders, but definitely not for 3rd or above.

I ordered these because I love using the earlier editions with my second grade class. This edition was revised to the point that it is no longer accessible to second graders. It is now a thesaurus and a dictionary. I liked it more as just a thesaurus. The typeface is much smaller now. I returned them. I will order more of the earlier edition.

This was purchases for a parent needed a way to replace the words his son was using. Example: Don't say "I hate that" say "That annoys me" or don't say "He is so stupid" say "He is misguided". Changing the terms and expanding our childrens vocabulary to reflect their true view can be learned at a young age. This book is a great resource for adults, and as they grow children too.

My absolute favorite Thesaurus for young people. The earlier edition with a different cover is even better. Very easy for young readers to use.

Now if we can just get the kids to use it. Only draw back is that it is not a hardback so expect it to eventually curl from use.

Just like it says clear and simple, my grandkids love that they can read it and understand everything easily.

This is a nice thesaurus for children. I wished it had more words listed. It seems like my children have to break out the big college thesaurus more often now.
