Havana Then And Now (Then & Now)

Synopsis

Established in 1519 as a harbor city to service the fleets bound for Spain from Mexico and Peru, Havana became the busy portal to the vast Spanish colonial empire. Largely unharmed by war or weather, many great examples of Spanish colonial architecture survive today. Archival photographs from Havana's mid-20th-century heyday as a posh vacation spot are featured here opposite contemporary photographs, portraying a beautiful city undergoing restoration and struggling to regain its glory days.

Customer Reviews

Llilian Llanes is a former History of Art professor at the University of Havana. She is also the founding director of Cuba's principal art museum, the Center Wilfredo Lam, and has written two books on Cuban history.

Wonderful photos and captions telling about the history of the island and the changes.

I love the before and after photos of the same scenes. And Havana was interesting because I have never been there. The historical photograph collection is great.

Wonderful book - have bought many copies for friends with a Cuban background - always welcome.

Only a feww fhotos . There is much more material and of best quaility all arround. Good

presentation, but ppor contein

I love these books because they have history of my country, and great pictures. Of course, it makes me melancholic.

The book has awesome pictures. The book review tells the facts about the book. Although most pictures where from before my time, it was very interesting to see how the city has changed over the years.

This is my second purchase of this book to give as a gift, I wish it had more photos as this is one of the world's most interesting cities.

First class all around. Very pleased.A brother in belief of ethical business practice for a better world.shanti-b
